

## YEARLY STATUS REPORT - 2021-2022

### Part A

#### Data of the Institution

##### 1.Name of the Institution

RAAJDHANI ENGINEERING COLLEGE,  
BHUBANESWAR

- Name of the Head of the institution Prof. (Dr.) Bimal Sarangi
- Designation PRINCIPAL
- Does the institution function from its own campus? Yes
- Phone no./Alternate phone no. 06742972892
- Mobile no 9437123892
- Registered e-mail bimal\_binit@yahoo.com
- Alternate e-mail rec\_bbsr@yahoo.co.in
- Address Near Mancheswar Railway Station,  
Mancheswar
- City/Town Bhubaneswar
- State/UT Odisha
- Pin Code 751017

##### 2.Institutional status

- Affiliated /Constituent Affiliated
- Type of Institution Co-education
- Location Urban

- Financial Status **Self-financing**
- Name of the Affiliating University **Biju Patnaik University of Technology, Rourkela, Odisha**
- Name of the IQAC Coordinator **Dr. Ranjan Kishore Mallick**
- Phone No. **6371378725**
- Alternate phone No. **7655828628**
- Mobile
- IQAC e-mail address **iqac.rec123@gmail.com**
- Alternate Email address **hodme@rec.ac.in**

**3. Website address (Web link of the AQAR (Previous Academic Year))** <https://rec.ac.in/website/AQAR-20-21.pdf>

**4. Whether Academic Calendar prepared during the year?** **Yes**

- if yes, whether it is uploaded in the Institutional website Web link: [yes](#)

### 5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
<b>Cycle 1</b>	<b>B</b>	<b>2.50</b>	<b>2014</b>	<b>21/02/2014</b>	<b>20/02/2019</b>
<b>Cycle 2</b>	<b>B</b>	<b>2.30</b>	<b>2019</b>	<b>04/03/2019</b>	<b>03/03/2024</b>

**6. Date of Establishment of IQAC** **10/10/2010**

**7. Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,**

Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount
<b>Nil</b>	<b>Nil</b>	<b>Nil</b>	<b>Nil</b>	<b>Nil</b>

**8. Whether composition of IQAC as per latest NAAC guidelines** **Yes**

- Upload latest notification of formation of IQAC [View File](#)

**9.No. of IQAC meetings held during the year**      **6**

- Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website?      **Yes**

- If No, please upload the minutes of the meeting(s) and Action Taken Report      No File Uploaded

**10.Whether IQAC received funding from any of the funding agency to support its activities during the year?**      **No**

- If yes, mention the amount

**11.Significant contributions made by IQAC during the current year (maximum five bullets)**

- IQAC has successfully guided the departments to conduct Workshops /FDPs /Seminars/Webinars /Conferences in the emerging areas technologies. • IQAC has helped the stakeholders and conducted orientation for implementing NEP-2020. • Students of all the branches have attended internship programmes in various Organisations. • Students are motivated to participate in Smart India Hakathtan competitions, etc., • Upgradation of ICT smart class
- IQAC has successfully guided the departments to publish research papers and provided all facilities to facilitate research.

**12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year**

Plan of Action	Achievements/Outcomes
<p>Focused efforts for improving association with industry for internships, More activities on training and placements. Promotion of IPR related activities..Significantly increase the number and quality of publications by organising seminars /FDP on Research Methodology,</p>	<p>Improved interaction with industries with formal MoUs. The institute invited more companies for campus recruitment. The institute conducted more no of seminar on IPR activities. The faculty members published more no of good quality research papers in journals.</p>
<p>Orientation and induction program for all first year students Improved interaction with internal and external stakeholders.</p>	<p>The institute successfully conducted orientation and induction program for benefit of students. Suggestions and support received from parents, alumni, employers and other stakeholders. For non teaching staff development program was organized. In-house.</p>

13. Whether the AQAR was placed before statutory body? **Yes**

- Name of the statutory body

Name	Date of meeting(s)
Governing Body	08/02/2023

14. Whether institutional data submitted to AISHE

## Part A

### Data of the Institution

<b>1.Name of the Institution</b>	RAAJDHANI ENGINEERING COLLEGE, BHUBANESWAR
• Name of the Head of the institution	Prof. (Dr.) Bimal Sarangi

<b>14. Whether institutional data submitted to AISHE</b>	
Year	Date of Submission
2021-22	21/02/2022
<b>15. Multidisciplinary / interdisciplinary</b>	
<p>The institute adheres to the curriculum provided by the University. The curriculum covers different multidisciplinary subjects and interdisciplinary subjects. This helps the students to gain knowledge in different subjects besides the core subjects. Multidisciplinary In real life situations, a graduate</p>	

requires not only to have a thorough understanding of the knowledge required to discharge professional duties in a most effective manner, but also of the entire ecosystem of political, sociological, legal, historical, cultural, and technological. Therefore, the graduates coming out of our institution need to have a holistic understanding of the world around them which in turn calls for multidisciplinary approach to education. In developed parts of the world, higher education is multidisciplinary which exposes students to diverse disciplines, thoughts, perspectives and skill sets. Exposure to diverse disciplines enables one to amalgamate different perspectives of the subject matter, leading into a wholesome personality. To deliver quality higher education, the new policy envisions a complete overhaul and reenergizing of the higher education system to overcome the challenges and problems being faced by HEIs. One of the problems currently faced by the higher education system in India is, a rigid separation of disciplines, with early specialization and streaming of students into narrow areas of study. To do away with this problem, the new policy lays greater emphasis on multidisciplinary system of education. Such an education is aimed to develop complete professional, possessing critical 21st century capacities in fields across the arts, humanities, languages, sciences, social sciences, professional, and vocational fields. As per the new policy the engineering institutions, will have to move towards multidisciplinary education with more arts and humanities subjects.

The institute adheres to the curriculum provided by the University. The curriculum covers different multidisciplinary subjects and interdisciplinary subjects. This helps the students to gain knowledge in different subjects besides the core subjects. To deliver quality higher education, the new policy envisions a complete overhaul and reenergizing of the higher education system to overcome the challenges and problems being faced by HEIs.

#### **16.Academic bank of credits (ABC):**

Academic Bank of Credit The Institute has enrolled the students in ABC to enable them to take the advantage of flexibility for multiple entries and exit options in academic programme and helping the students to have better opportunity for employment and upgrade qualification. The Academic bank of credit (ABC) has been set up by the University Grants Commission (UGC), in which students will be given multiple entries and exit options. This will allow students enrolled in undergraduate (UG) and

postgraduate (PG) programmes to exit the course and enter within a stipulated period. "The flexibility in academic programmes will enable students to seek employment after any level of award and join back as and when feasible to upgrade qualification and also curtail dropout rate and improve Gross Enrolment Ratio (GER) in higher education,". ABC will provide learners to open unique or individual Academic Bank Accounts in digital form, after which they will be given a unique ID and access to the Standard Operating Procedure (SOP). The ABC regulations will encourage a blended learning mode in which students will be allowed to earn credits from various HEIs registered under this scheme and through SWAYAM. Under this scheme, the student can secure up to 50 per cent credits from outside their college or university. Students who are enrolled in the courses offered by National Schemes like SWAYAM, NPTEL, shall also be considered for credit transfer and credit accumulation under this provision. Those admitted in skill-courses from registered higher education institutions offering vocational degree or diploma or postgraduate diploma or certificate programmes are also eligible for accrual and redemption of credits under ABC. Once the certificate/degree will be collected by the students, all the credits earned by them till then will be deleted from the respective account. The commission has request the vice-chancellors of the universities and principals of the colleges to take appropriate measures to implement these guidelines to facilitate multiple entries and exit points in their academic programmes.

### **17.Skill development:**

The institute has given more emphasize in skill development of the students by providing the knowledge of problem solving capabilities,improving their computer skill,technical knowledge,help them to know the benefits of team work and ultimately grooming the students to do their academic activities confidently.Engineering is a rewarding and exciting career. Engineering is a broad career choice and opportunities vary greatly depending on which area you choose to specialise in. A high-level engineering career requires a strong background in engineering, including academics.Engineering skills describe the knowledge, expertise and experience that an engineer possesses or needs to acquire to advance in an engineering career. The exact skills that the students need will vary depending on the field of engineering that you work in.

In a sense, all engineering projects are a form of problem-

solving. An engineer will be given a goal or problem, then they will need to use their expertise and problem-solving abilities to determine the best way of performing construction, manufacturing or repair work.

The use of computers is increasing in almost every profession and engineering is no exception. Digital technology allows engineers to plan, develop and manufacture projects more intricately than ever before. 3D modelling, for example, allows an engineer to gain a more complete understanding of what they are working.

Technical knowledge is something that is learned both through study and experience. Even the most extensive academic education won't be able to prepare you for every situation that will arise during an engineering career, but it is important to have the foundations of technical knowledge in place before starting your work. Problems will arise during an engineering project, whether they are minor or major, but engineers who can work through them will be indispensable in such situations.

This teamwork might be a case of delegating particular tasks to the most suitable engineer solution or it might be working together to devise a solution to a particular problem that you are unable to overcome alone. Any engineering project will be more successful if the members of a team can work together as a cohesive unit.

### Creativity

Creativity is essential for any engineer. Creativity is a quality that can't be taught, so it is highly valued by prospective employers. The creative members of an engineering team play a crucial role in providing solutions to challenges.

### Analytical ability

Analytics skills are crucial for engineers, allowing them to evaluate a project and site to decide whether a possible plan is safe. An engineering student needs to examine their work and that of other people and determine the best course of action. Analytical work is an ongoing process during engineering projects and an engineering students should always be willing to take the time to analyse their work and consider whether they are using the right strategy.

### Communication skills

Just as teamwork is a key component of an engineering career, communication is essential for ensuring the members of a team can interact with their teammates and other people. There are many forms of communication, from one on one conversations to body language and writing emails. Working on each of these skills will benefit the other aspects of your job and will encourage others to come to you with questions or tasks.

#### Continued education

Engineering techniques and technology are constantly evolving, and it is the responsibility of an engineering student to ensure that they are up to date with the latest developments. Even engineers who have completed their education relatively recently might be surprised by how quickly technology and regulations have changed in just a few years.

#### Leadership

Leadership skills are important for anyone working in engineering, even if they don't explicitly occupy a leadership role within a company. In some situations, having the ability to give instructions to others and explain them comprehensively will be of great benefit to the engineer and the project as a whole.

### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

The institute follows the curriculum of the university which covers Indian knowledge system. The traditional knowledge about works of literature, rich Indian culture, art, customs helps the students to gain traditional knowledge and provide more confidence with more competitive spirit and loyalty. Indian knowledge system India is a treasure trove of culture, developed over thousands of years and manifested in the form of arts, works of literature, customs, traditions, linguistic expressions, artefacts, heritage sites, and more. Crores of people from around the world partake in, enjoy, and benefit from this cultural wealth daily, in the form of visiting India for tourism, experiencing Indian hospitality, purchasing India's handicrafts and handmade textiles, reading the classical literature of India, practicing yoga and meditation, being inspired by Indian philosophy, participating in India's unique festivals, appreciating India's diverse music and art, and watching Indian films, amongst many other aspects. It is this cultural and natural wealth that truly makes India, "Incredible India", as per

India's tourism slogan. The preservation and promotion of India's cultural wealth must be considered a high priority for the country, as it is truly important for the nation's identity as well as for its economy. The promotion of Indian arts and culture is important not only for the nation but also for the individual. Cultural awareness and expression are among the major competencies considered important to develop in children, in order to provide them with a sense of identity, belonging, as well as an appreciation of other cultures and identities. It is through the development of a strong sense and knowledge of their own cultural history, arts, languages, and traditions that children can build a positive cultural identity and self-esteem. Thus, cultural awareness and expression are important contributors both to individual as well as societal well-being. A number of initiatives to foster languages, arts, and culture have been introduced in all level of education which include a greater emphasis on music, arts, and crafts, early implementation of the three-language formula to promote multilingualism; teaching in the home/local language wherever possible; conducting more experiential language learning; the hiring of outstanding local artists, writers, crafts persons, and other experts as master instructors in various subjects of local expertise; accurate inclusion of traditional Indian knowledge including tribal and other local knowledge throughout into the curriculum, across humanities, sciences, arts, crafts, and sports, whenever relevant; and a much greater flexibility in the curriculum, in higher education, so that students can choose the ideal balance among courses for themselves to develop their own creative, artistic, cultural, and academic paths. HEIs, will use the mother tongue/local language as a medium of instruction, and/or offer programmes bilingually, in order to increase access and vibrancy of all Indian languages.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

One of the most profound benefits of OBE is the sense of clarity it fosters. Students, along with their parents, can pick an institution, program and course based on clearly spelled out learning objectives. The Course Outcome (CO), Program Outcome (PO), Program Specific Outcome (PSO) and Program Educational Objective (PEO) determine exactly what students are expected to accomplish, post their course or program respectively. This clarity is further reflected in the quality of teaching and delivery, across divisions and departments, where faculty may adjust their focus more appropriately. The next advantage, and perhaps the most obvious one, is flexibility. OBE empowers

students to choose what they would like to study and how they would like to study it. Not only does it adapt to a learner's strengths and weaknesses, but it also provides sufficient time to attain proficiency and fluency in the subject matter. Additionally, the model allows the learner to transfer their credits and switch to another institution that is accredited with the OBE syllabus. Institutions are recognized, benchmarked, and can be easily compared with one another based on this accreditation. As you can see, every stakeholder benefits from the OBE framework. National Education Policy-2020 addresses all the above said advantages of OBE. The multiple entry & exit system, establishment of 'Academic bank of Credits', emphasis on learning outcomes, online & digital learning as envisaged in the policy shall promote true OBE in higher education. OBE works well with vocational education streams like engineering and sciences Vis a vie the arts. The latter includes subjects such as literature and philosophy that require a more free-flowing structure. The institution shall further intensify the OBE and shall imbibe best practices on par with the

## **20.Distance education/online education:**

The institute has conducted value added courses as a part of online course in virtual mode and provided the students with course curriculum. requisite materials, submission of assignments and conducted examination. Presently the Institute do not erun any distance education course.

### **Distance Education**

Distance education is traditionally known as the 'correspondence course' where study material and learning resources are sent to students through the post and now in the age of the internet through email. In fact, in the modern day and age, the material is often in the form of video tutorials along with PDFs and other documents.

In this format of learning, there is no interaction between a student and his mentor. Students are completely on their own with a self-paced time schedule to complete the course. You just have to adhere to the exam deadlines and submission dates. Such kind of studying requires a lot of selfmotivation and discipline as there is no one watching over.

### **Online Learning**

Online learning is a more modern way of studying. It utilizes the Virtual Learning Environment (VLE) – such as Moodle, Collaborate or Blackboard to share multimedia lectures, have discussions, send student resources, and conduct exams. The lectures are prerecorded or are held live. It is a more interactive teaching method where the teacher and student often meet through the digital medium.

The VLE is like a communication medium or an interactive learning tool through which group projects, discussion forums, and quizzes are held for peer interaction and to give it a more oncampus feel. During the COVID-19 pandemic, online learning gained significant momentum, in professional colleges offering students virtual classes. In fact, today, many students prefer to go in for an online program as it gives them the flexibility to pursue jobs or any other interests (sports/music) alongside. Though online learning and distance education are similar in many ways, there are key differences that one should know before deciding on any one learning medium.

## Extended Profile

### 1.Programme

1.1	279
Number of courses offered by the institution across all programs during the year	

File Description	Documents
Data Template	<a href="#">View File</a>

### 2.Student

2.1	2531
Number of students during the year	

File Description	Documents
Institutional Data in Prescribed Format	<a href="#">View File</a>

2.2	236
Number of seats earmarked for reserved category as per GOI/ State Govt. rule during the year	

File Description	Documents
Data Template	<a href="#">View File</a>
2.3	720
Number of outgoing/ final year students during the year	
File Description	Documents
Data Template	<a href="#">View File</a>
<b>3.Academic</b>	
3.1	160
Number of full time teachers during the year	
File Description	Documents
Data Template	<a href="#">View File</a>
3.2	160
Number of sanctioned posts during the year	
File Description	Documents
Data Template	<a href="#">View File</a>
<b>4.Institution</b>	
4.1	58
Total number of Classrooms and Seminar halls	
4.2	1678
Total expenditure excluding salary during the year (INR in lakhs)	
4.3	658
Total number of computers on campus for academic purposes	

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The Institute is duly approved by AICTE and affiliated to BPUT, Odisha and follow the syllabus prescribed by the university. Institute has formed an Academic Committee consisting of Principal and Heads of the Departments, who are responsible for planning and monitoring of overall academic activities and its functioning as per University guidelines.

At the beginning of every semester, the courses are assigned to the competent faculty members by department HOD towards preparing the necessary course materials. The courses will be allotted to faculty members based on their expertise and preferences. All faculty members are involved in the preparation of lesson plan documents for their respective courses involving the topics to be discussed in every lecture class, mode of course delivery, text/reference books to be followed, etc., and the lecture notes are approved by the Head of the Department before the beginning of the semester. The class timetable is prepared well before the start of the semester by the timetable coordinator and displayed on the college website.

Time table coordinators of different departments prepare the Time Table.

The university provides the syllabus with assessment schemes and course outcomes for each course.

Performance in experiments are timely evaluated and graded.

As per the guidelines of the evaluation system, two class tests, quiz tests, surprise test per semester are conducted.

Faculty members maintain the course files basically contains Individual timetable Academic calendar, Assignments, Lesson plan, Internal and semester question papers etc.

Link for Additional information	Nil

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous

## Internal Evaluation (CIE)

Before the commencement of each semester, University notifies an academic calendar for all the programs, which contains the date of commencement, last working day of the semester, Internship schedule and dates for semester-end examinations. Institute calendar of events includes details like the total number of working days and holidays, Continuous Internal evaluation dates, dates for the Institute's flagship programs.

The academic activities, Continuous Internal Evaluation and all other activities are conducted as per the calendar of events except unforeseen circumstances.

Department heads closely supervise and monitor the completion of the syllabus as per the lesson plan prepared by faculty members.

Internal Assessment tests, assignments, quizzes, surprise tests and seminars are part of the Continuous Internal Evaluation of students.

The faculty members used to prepare internal question papers based on the modules provided in the prescribed syllabus as per university followed by review and approval of the respective department head.

Evaluation of answer scripts and calculation of CO-PO/PSO attainment are carried out by respective subject faculty members.

Continuous evaluation and assessments are also done for laboratory course, project work, seminars, and internships.

The institution adheres to the academic calendar for the conduct of Continuous Internal Evaluation (CIE) and final semester examination.

## 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

To integrate the cross-cutting issues relevant to gender, environment, and sustainability, human values, and professional ethics, Institute has imbibed different types of courses in the curriculum which is prescribed by the University.

**Professional Ethics and Human Values:** A course on "Professional Ethics" is offered as a mandatory course to all the students to take at least once during the program of study. In view of social development activities, blood donation camps, health check-up camps, environment awareness camps, etc., are organized and monitored by different clubs as Red ribbon club, YRC etc.

**Gender Sensitivity:** The College has a Women Cell, Internal complain cell and Grievance Redressal Cell to provide counseling to students, promote gender equity among students and also deal with related issues of safety and security of female students, staff, and faculty. This cell aims to enable lady faculty and girl students to explore their imminent potential in all aspects, providing a congenial working environment for them.

**Environment and Sustainability:** The course "Environmental Science"

is related to ecosystems and its balance with sustainability is an integral part of the curriculum as a mandatory course. Students are encouraged to participate in activities related to the environment, climate change, and biodiversity organized by the college. Students are taken for industrial visits to effluent and water treatment plants and other places that will educate them on environmental issues.

## **2.2 - Catering to Student Diversity**

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The institute has created an organized system for evaluating students' learning levels. The Institute uses a variety of student-centered teaching-learning and pedagogical strategies to help students learn more effectively. Teachers use experiential learning, problem-solving approaches, classroom seminars, project works, field visits, field projects, and NPTEL course in addition to traditional classroom instruction. Students are provided extensive orientation in Mathematics, Physics, and Chemistry during the induction programme.

### **STRATEGIES FOR SLOW LEARNERS**

Remedial classes are conducted for slow learners after regular class schedules.

Mentors assess Mentees' learning aptitude based on their academic achievements, conduct, social, and psychosocial characteristics.

Provide extra lab hours to improve their practical knowledge.

The performance of the students is discussed with their parents on a regular basis by their respective faculty advisors.

Bridge courses are conducted for students joining in the first year of a program and also for second year lateral entry students. In addition, special classes are conducted for lateral entry

## 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

All the departments have implemented activity-based assignments in every course for continuous assessment of the students. These are employed to enhance participative learning, and to achieve various course outcomes. Minor-projects are included in the curriculum of the UG programme. This course is intended to train the students to develop working models. Students are advised to attend online certification courses / workshops NPTEL lecture material, video lecture materials are made accessible to students. industrial visit in every semester is organized for the students to enhance the technical competency. Also, Internships are completed by the students in each academic year. The working model of the project are displayed and assessed by the external experts. National level technical seminars, conferences are arranged. This helps the students to develop technical skills and personality development. The institute has signed an MoU with different institutes and industries which help the students to do internship.

### Course Delivery Methods

Group discussions

Seminars

Minor projects

Lab experimental work

Class Assignments / Quizzes / Surprise test

E-learning tools like NPTEL videos, SWAYAM, etc. to let students learn independently and enhance classroom learning.

Experiential learning

Student-centric learning is provided in the practical sessions to apply concepts learned in the classroom. Internships

Final Year group Projects,

Technical Fest and Workshops.

Short Visit to nearby industries / labs

Participative /collaborative learning

Exhibiting at intra-college, state, and national project competitions and technical festivals for R&D projects

Invited talks by experts and alumni from the industry and academia.

MOUs are signed with leading industries.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

The institute uses Information and Communication Technology (ICT) to ensure effective teaching. Projectors and Audio system in addition to the chalk black board. Also, well configured Desktops and laptops are available in the computer labs and Faculty

member's cabin. The other tools like smart boards, printers, scanners are available to facilitate the ICT enabled teaching-learning. To enhance the learning the institute has Seminar rooms, Auditorium and Conference halls to carry out the additional learning activities. Students and faculty members have access to huge volume of Digital Library resources and MOOC platforms are also used for effective learning. Faculties are encouraged to use power-point presentations in their teaching by using LCD's and projectors. They are also equipped by digital library, online search engines and websites to prepare effective presentations.

#### ICT Tools:

**Projectors:** Projectors are available in different classrooms/labs

**Desktop and Laptops:** Arranged at Computer Lab and Faculty cabins all over the campus.

**Seminar Rooms:** Seminar halls are equipped with all digital facilities.

**Online Classes through Zoom, Google Meet.**

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Institute prepares its own academic calendar well before the semester commences based on the University's Academic Calendar. These include completion of syllabus coverage and CAs for theory, PCAs for sessional and laboratory papers.

Changes in schedules, patterns, and methods are communicated to students forthwith via online class briefings and Notifications. Syllabus for the test is communicated to students by subject teachers well in advance.

Internal assessment for theory and lab papers is done through Continuous Assessments like Quiz test, surprise test, internal examinations etc.

The institute has prepared standard formats for question papers depending upon the type of the subject based on Course Outcomes (COs) for Continuous Assessment (CA).

Departmental committees evaluate the quality of question papers and coverage of the entire COs in the CAs.

Institute has implemented digital evaluation of internal examination papers, which has helped in speeding up the evaluation process and increasing transparency.

Students can raise about any discrepancy found in the assessment.

Adoption of the above method as per University guidelines ensures complete transparency in the system of internal assessment, strengthens the bond between faculty and students.

File Description	Documents
Any additional information	No File Uploaded
Link for additional information	Nil

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

#### Mechanism to deal with internal examination related grievances

Institute carefully adheres to the affiliating University's norms at the time of conducting Internal Tests and Semester Exams.

The marks for Theory, Practical and Sessional are uploaded into the university portal and notice boards for student's information and submitting grievances.

After publication of the results, a student can apply for Post-Publication Scrutiny (PPS) and Post-Publication Review (PPR) for internal examinations through the concerned subject teacher or HOD.

Viva-voce and lab copy evaluations are shown to students to keep the process transparent and minimize grievances.

The student's performance in Project and Seminars are evaluated by conducting presentations by the students in Google Meet/Seminar halls.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

All courses of the curriculum have well defined COs, the CO-PO mapping with its strength and is included in the syllabus. The hardcopy of the syllabus is made available to every student and also available in institute and university portal. The assessment questions are framed to reflect one of the set COs. The COs are mapped to POs and PSOs. From evaluation of CO attainment, PO and

PSO attainment is calculated. The attainment of POs and PSOs through individual subjects are thus calculated. The curricular gap is identified from this evaluation and necessary steps are taken to bridge the same. A Microsoft Excel file is designed to enter and calculate the CO/PO attainments. The Programme outcomes, Programme specific outcomes and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students. The Programme Specific Outcomes (PSO) were defined collectively by stakeholders. The defined POs and PSOs are displayed in Website, class rooms, laboratories and the department block. The POs, PSOs and the COs are listed in the lesson plan of individual course file and lab manuals. The POs and PEOs are listed in the respective department web pages.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Assessment is a departmental process that identifies, gathers, and analyzes data to evaluate the achievement of POs and COs.

Attainment is described as the standard of academic achievement as measured by examination results. Each Course has a set of Course Outcomes. The college has established a systematic assessment process, and a set of assessment tools to evaluate the attainment of the outcomes. The assessment of attainment of the outcomes is done through Continuous Assessment Tests (CAT), assignments, multiple choice Questions (MCQs) and end semester examination. The attainment of POs and PSOs through individual subjects is thus calculated taken to bridge the same.

Methods for Assessment, Evaluation and Measurement of POs/PSOs

Direct Assessment methods:

1. Continuous Assessment: COs are assessed through Sessional & Assignment Examinations and Lab records. The COs are mapped against each question and CO analysis is carried out by faculty for each course and documented.

**Semester-end Theory Examinations:** The questions in semester-end examinations are tested pertaining to all Cos. **Laboratory Records:** Both continuous and semester-end examinations are conducted to test the COs attainment.

#### Indirect Assessment Methods:

**1.Programme Exit survey:** This survey taken from the final year students at the completion of their programme stands as the comprehensive feedback for the PO/PSO assessment.

**2.Alumni Survey:** This survey is conducted annually through Google link or mail with the Alumni to obtain the inputs and suggestions on PO. **Employer Survey:** This survey is taken from the employer to measure the PO attainments.

## 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge by inculcating research and innovative approach amongst the students and staff by taking several initiatives at management and college level through financial, technological and infrastructural support and at faculty level by providing platforms through events, programmes, seminars. The research committee at college level play a major role for making policy related to research and innovation.

MOU have been signed with industries for developing awareness, training of staff. The central library provides facilities for research support through reference books, research journals, encyclopedia, and reading room. The laboratories, computers, internet and all other ICT facilities are available to support and develop Innovative approach and scientific temper amongst students.

The institution has separate Research & Development cell, Entrepreneurship development cell and innovation and incubation cell. Most of the students apply their knowledge based on the societal needs. Awareness meets, workshops, seminars and guest lectures on Entrepreneurship are organized by the EDC. Vast Alumnus supports the students by sharing their experience on their entrepreneurship in their fields.

The key objective of Incubation Centre is to collect innovative ideas from students and adapt their innovative ideas into Technological Innovations. Students develop their innovative ideas that can be useful for Development. Intra-level competition have been held among students to participate in HACKTHONS through IIC

cell.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The vision of the Institute is to produce not only good engineers but good human beings also. Therefore, we are taking efforts to add values of good citizenship in our students by the teachers and student peer groups. The Institute organizes various activities through which students are equipped with appropriate skills for their holistic development. In the Institute, the extension activities for social causes are carried out through different cells and clubs. Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year are - Blood donation camp, tree plantation, Swachh Bharat Abhiyan, NSS camp for rural development, Celebration of Days-Yoga Day, International Youth day, Independence Day, Engineers day, NSS day. All the above activities lead towards overall development of the students. etc. Due to the pandemic, online programs were conducted during this year to aware the students and staffs. Activities are also carried out in the Institute involving the students with the

objective of sensitizing various social issues and strengthening community participation for holistic development are carried out inside the campus under the banner of Women Cell, Yoga club, YRC, Red Ribbon Club etc..Women's Day is celebrated as part of Gender Sensitization programs."International Yoga Day" was celebrated too for making the students mentally and physically fit. Due to the pandemic, online programs were conducted during this year to aware the students and staff members.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The Institution has always strived for the attainment of mission by providing the best possible infrastructure in order to introduce effective teaching-learning environment through extensive use of ICT.

Teaching Learning activities - Seminar halls, classrooms, smart class, tutorial spaces, laboratories and equipments for teaching, learning and research etc are used to improve the teaching-learning activities. All the classrooms have been renovated on modern lines with comfortable and space saving furniture, Wi-Fi connectivity, Vitrified floor tiles, power back up by generator etc. Technology enabled learning spaces. Most of the classrooms the students are exposed to conducive environment for study. The institute has a dedicated Library equipped with computers for use by faculty members.

Seminar hall- A dedicated seminar hall with state of the art audio-visual facilities is in place for regular use.

Laboratories- All departments have state of the art equipments to create facilities that cater to the need of students, faculty

members. The laboratories are used for conducting experimental work, research work, project and consultancy work.

The management has a contributing approach towards the development and enhancement of the infrastructure facilities of the institution. The campus has technology-enabled classrooms, libraries, student hostels, seminar halls fitted with LCD projector and video conference halls and auditorium. Annual budget is allocated for enhancement and up gradation of infrastructure facilities. The college has provided separate room TO IQAC cell, ED cell for conducting different activities. A placement cell, headed by a Placement Officer, is available on campus. Wi-Fi hot spots cover the entire campus.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The institution has adequate physical facilities which are augmented from time to time for conducting curricular, co-curricular and extracurricular activities efficiently. Facilities are provide to student activities like cultural, sports, indoor and outdoor games, gymnasium, auditorium, NSS,NCC, cultural activities, public speaking, communication skills development, yoga, health and hygiene etc.

The auditorium is available for extracurricular activities of the institution like cultural functions, orientation programmes, medical camps, college fest and awareness programme and seminars.

A stage in the common ground is also used for cultural activities and functions like celebration of Independence day, Republic day etc..

Sports - The ground of the Institution are used for the Annual Sports meet of the institution. A quadrangle within the premises is used for sporting activities like throw ball, badminton, basketball. Games (Indoor)- Common Room cum Gymnasium is equipped with Carrom board, Table Tennis board and Chess board. Yoga cum Activity.

A quadrangle within the premises is used for sporting activities like cricket, badminton, throwball, badminton, basketball. Gymnasium-Common Room cum Gymnasium is equipped with modern gym equipments for exercising practicing dance and other co-curricular activities.

There is a dedicated space for career counseling and placement unit. A dedicated medical room with adequate facilities is available for students, faculty and staff where a medical practitioner visits and also available on emergency basis.

NSS:Camps and other activities are carried out regularly. The college provides infrastructure and funds for all NSS activities.

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The college has registered in e-Shodh Sindhu. Under this initiative, the College has access to many online e-journal link such as IEEE, Springer Nature, John Willey & Sons, Elsevier Scinces. Libraries has access to e-books through EBBSCO and receive print journal copies from IE society. More than 10000 (Ten thousand) e-journal Link are now available online as a result of this. The proceedings from the Back Volume and other articles from 2010 are also available. Library is equipped with the latest PCs for downloading the journals. Book Bank: For one semester, each student is issued nine textbooks from the book bank as per institute rule. Reprographic Facility: The library has one photocopier to meet the needs of students and faculty, such as logos, content papers, and text papers. Reading Room: The library comprises two big reading rooms on the first floor, totaling 1000 sq.m. Library Working Hours: All working days: 08.00 AM to 08.00 PM Sunday and other holiday: 08.00 AM to 02.00 PM

### 4.3 - IT Infrastructure

#### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The computer center of the Raajdhani Engineering College was established with the objective of providing computational environment for the academic and research community of the institute and also caters to the computational needs of other organization. The center offer training and software development

apart from being a support service for the faculty, students and staff. Institution frequently updates its IT facilities including Wi Fi. The entire college computing facility is networked through high end fiber connectivity (Wifi). CAT6e cables are used to connect the computers within the campus. All the fiber active components belong to BSNL. The entire network is configured with different VLANs to manage the networks for security purposes. Tree topology is applied in the complete network design. The network components are: 1. Sonic Wall-01 2. L3 & L2 networks switches more than 30 3. Access points - 05 All the hostels, class rooms, laboratories, common areas such as canteen, auditoriums and Open Air Theatre are networked through fibre cables. Students can access internet from any place in the campus. Internet service is available to all students and staff members 24\*7 with a proper monitoring setup and appropriate firewall and site restrictions. A dedicated mail service with our college domain is run for all students and staff members. Group mails are channelled based on the purpose and subject matter for students and members of staff.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

There are established systems and procedures for maintaining and utilizing physical, academic and support facilities. The central facilities like classrooms, seminar halls, video hall, function hall, multipurpose hall and conference hall are maintained by the maintenance office. The sewage treatment plant in the campus uses Ultra filtration technique to purify the water. Break down register is maintained in the laboratories. As per the requirement minor repairs are carried out by the technical staff. Major repairs are outsourced. Periodic stock maintenance is done by internal auditors from other department every year and the report is submitted to the IQAC. Guidelines for operations and maintenance of sports facilities are given by the sports committee. The campus has a Medical Centre unit with a residential medical officer to take care of staff and students physical and mental health. It also has 24x7 Ambulance service. Annual budget is allocated for the purchase, repair and maintenance and housekeeping facility. scrutiny Budget is approved after by the head of the institute. The Lab In charge or the concerned teacher maintains the record of Laboratory equipments and maintenance. In case of any breakdown / repair works the Lab In charge through the HOD contact the vendor from whom the equipment is purchased. 1. The library in charge invites the book and journal requisition from the Department. Each faculty and students are issued the library cards for issue of books. Cleanliness and hygiene are maintained in

class rooms and all the places through housekeeping staff regularly.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

Each department has student council. The members of the student organize Fresher's Welcome, Teachers' Day, College Annual Fest, Students participate to organise Farewell. Academic programmes like workshop, seminars and conferences. The members play active role in College Annual function, College Inputs and suggestions are sought from Students' Council members when organizing student related events. The council acts as a liaison between teachers and students. The institute has constituted various committees and clubs and involve the students to organize different academic and cultural activities. In today's pandemic situation, where direct interaction with students is difficult, the role of class representatives (C.Rs) selected by fellow classmates is greatly increased to disseminate information by coordinating between faculty members and students. Student Clubs : Departments organize various academic and non-academic activities through student clubs such as YRC Club, VIPNET Club, Team Wash club, Sports and Cultural Committee, Anti-Ragging Committee, Library Committee, Sports Committee, Team Wash, Transport Committee, Library Committee, Canteen Committee, Industry Institute Interaction Cell, Entrepreneurship Development Cell, AntiRagging Committee, IQAC

## 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The alumni association of the institution has been registered under societies act and having a remarkable network that assist in engaging alumni by sharing a obsession and obligation to the institution. The alumni meet is held habitually and intermingle with the Management regularly on a range of academic and nonacademic matters. Alumni association of our institute are directly involved in different activities such as Financial aid for research work, training of students and volunteer to represent as resource person in various professional development activities like Conferences/Seminars/Workshops etc. In addition to the Annual Alumni Meet, alumni support the institute in a number of other ways. A series of talks and interactive sessions with alumni were organized for B.TECH students with the aim of guiding students to choose their future goal, be it in higher education and research or even choosing the path of their careers. Students were also introduced to the most recent trends and innovations, workplace cultures, work ethics, self-learning, and financial and investment management through these speeches by alumni.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

#### QUALITY POLICY

Raajdhani Engineering College, Bhubaneswar is committed to creating, supporting and improving the learning process through an established quality management system, complying with legal and regulatory requirements and making it a learning center of science and technology. Continuous improvement and teamwork will be our strength to achieve the goal set with our core value "Creativity and Innovation".

The institution maintains high academic standards and has developed flexibility to deal with changing scenarios and has worked hard to adapt to growing technology. The institute has wellequipped laboratories, experienced teachers, coaching and training, hostels, and social life activities such as NSS. Under the guidance of the administration, Principal constitutes various committees that include faculty from various departments for the successful running of the institution.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The organization follows the detailed mandate of the decentralized authority as follows. At the beginning of each academic year, each department proposes a budget. The budget presented by the department is based on the action plan, considering the infrastructure requirements presented by the faculty responsible for the various laboratories, courses, activities and clubs, consolidated by the head of the department, subject to the approval of the proposed budget. Whenever a proposal for financing an activity is initiated by the management, depending on the amount of the proposal, approval can be obtained at various levels.

Another example is when there is a specific need for additional funding beyond the annual budget allocation, the management does not hesitate to offer such when there are good reasons to support the Institute's Vision. Faculty members participate in knowledge sharing by discussing the latest trends. This clearly shows the participatory nature of the management and their commitment to the growth and development of the institute. The management has a participatory management system with collective decision making involving Principal, HODs, IC (Examination). Because the departments are so important to the organization, each department developed its own vision, mission, and short, medium, and long-term goals.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institution has successfully implemented its overall strategic plan in an effective manner. The institute's academic plan, according to which several committees improve the quality of both academic and extracurricular activities. IQAC formulates and implements many academic quality policies through several committees. The institution has continuously worked with various committees to strengthen and improve academic work to respond to changing requirements and needs. In order to maintain the core

competence, a strategic plan/vision is created. The five-year strategic plan consists of reiteration the vision and mission statements, the strategic plan and the implementation strategies based on the SWOC analysis.

When creating the plan and implementation document, Care has been made to include all stakeholders so that they can each participate in their own unique way. For the efficient implementation of the curriculum and the teaching-learning process, an advisory committee was established. The university offers the curriculum. To achieve the goal of teaching and learning, feedback from alumni, industry professionals, subject matter experts from other top schools, and student stakeholders is also taken into account and implemented.

1. To improve the curriculum.
2. To use a digital platform to enhance teaching and learning.
3. To promote entrepreneurship, industry institute connection, research, and consulting.
4. To enhance student experience and increase alumni connection.
5. To increase contribution to the environment and society.
6. To create development strategies to raise the institute's overall quality of the institute.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

In order to enable decision-making procedures that are transparent, consistent with its goals, and support successful decision-making, the institute has a well defined organisational hierarchy and structure. The organizational structure supports institutional capacity and educational efficacy through the

involvement of stakeholders. The main pillars of the institution's organizational structure consists of academic council, principal, department heads, and faculty members. It analyzes the institutional strategic plan, which in turn defines the institution's academic aims and goals and approves the curriculum's and funding requirements. Through the inclusion of external members on various Committees and Boards, the organizational structure supports institutional capacity and educational efficacy. Members of the several committees that the institute has established represent a variety of institute stakeholders. The organizational hierarchy's appropriate levels determine the decision-making processes. The institution has an IQAC Cell, an Antiragging Cell, etc. in place in accordance with university/government rules. The institution is led academically and administratively by a number of committees with clearly defined roles.

### 6.3 - Faculty Empowerment Strategies

### 6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

The Institute offers both teaching and non-teaching staff members efficient welfare scheme. Faculty members are entitled to all statutory leaves, and teaching staff members are allowed "On Duty Leaves" so they can attend Orientation Programs and Refresher Courses. The College promotes faculty participation in conferences and seminars at all levels. The institution encourages departments to submit applications for major and minor research projects. All staff members have access to the grievance redressal system. All staff members have access to free medical checkups once in six month.

The list of existing welfare measures for teaching and non-teaching staff:

1. Service benefits like PF, Study leave, Maternity leave etc.
2. All Teaching and Non-Teaching Staff are covered under General Insurance.
3. Non-Teaching Staff are covered under EPF.
4. Non-Teaching Staff are provided with ESI facilities.
5. Maternity and Medical leaves are sanctioned.
6. Full time Medical facility with Qualified Doctor and Nurse in the Campus.
7. Providing 15 Casual Leaves for all the teaching and non-teaching staff for one academic year.
8. Study Leaves are sanctioned for higher education and qualification improvement for all the teaching and non-teaching staff.
9. Financial Support to all the Staff members for their professional development activities.
10. Availability of Free transport for all the staff.
11. Financial encouragement for all the staff, who published their papers in reputed journals and patents.
12. Providing Financial support to attend conferences / workshop

and towards membership fee of professional bodies for all the staff.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institute has a internal performance appraisal system to meet the following objectives

1. To integrate the institutional and individual goals.

2. To increase awareness of duties and responsibilities of the performers to achieve institutional goals.

3. To ensure fulfillment of curriculum and extracurricular activities and

4. Growth of institution.

5. To ensure objective assessment of performance and potential factors.

6. To identify the strengths and weakness of the performer.

The relevant HODs / Section Heads conduct performance evaluations each year following the conclusion of the academic year to evaluate the performance of the professors and staff during that time. Three categories of evaluation are used to conduct the assessment. Evaluation form

1) For Professors and Associate professors

2) For Assistant professors and

3) Non-Teaching staff.

Through teaching and learning, student feedback, evaluation, research-related activities, co-curricular and extension activities, the appraisal for teaching staff measures and assesses performance. The work activities of non-teaching personnel are evaluated in a similar manner. The form has two parts Part-A where the faculty and staff declare his or her performance through qualitative and quantitative metrics, while Part-B is the potential assessment by the Head of the department for teaching and non teaching staff appraisal will be reviewed by the Principal. Further Improvements are suggested to perform well and good performance is appreciated and rewarded.

#### 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The college is an accredited, privately-funded organization. In addition to maintaining an open record of all financial activities, it asks for routine internal and external auditing. There are two internal audits per semester. The first audit is performed at the beginning of the semester, while the second one is conducted near the end. Chartered Accountants undertake external surveillance audits. The auditors go into invoices, TDS, bills, quotes, purchase orders, and payment authorizations. Before choosing the vendors, quotes are requested from potential suppliers, authentic ones are found, and the Chairman's consent is obtained. The Chairman has final approval authority over all financial transactions. The payrolls, attendance, Form 16, TDS deduction, documentation of tax proofs, etc. are all reviewed by the internal and external auditors. The external audit team has the option to notify top management if it is dissatisfied with the compliance report. Any audit complaints will be amicably resolved during this procedure before the board of trustees is presented with the financial information.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The process of collecting fees follows a set timetable. Students are informed of the timetable via text messages, announcements posted on college notice boards, and the college website. For the upcoming financial year, a budget is made in the month of February; All acquisitions are made after soliciting the necessary number of quotes and carefully evaluating them. Transparency in the handling of financial resources is ensured by the robust internal checks and controls that are in place. The resources are carefully allocated to suit the general administrative needs, such as hiring employees as needed, maintaining and updating the infrastructure, improving the teaching and learning environment, and supporting faculty development. Research proposals are written and sent to several funding organizations, including the AICTE and Industries. Specialized equipment is purchased for research purposes using a portion of the grants received from these organizations.

The administration has invested a sizable sum of money to develop improved equipment, which includes buildings for various departments, administrative blocks, lab equipment, and buildings for the women's and men's hostels, a library, a restaurant, and sporting facilities. Regarding recurring expenditures, REC is a moral organisation because it depends on student fees to pay for expenses like instructor salaries, maintenance of the buildings and equipment, and other regular costs. All unpaid balances are added to the institution's fund.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The institution's mission is to teach, advance, and disseminate a holistic education to girls in order to develop their sense of responsibility and independence as contributing members of society. With this objective in mind, the IQAC has concentrated on Mental Well-Being workshops and programmes, especially for students. These programmes have made an effort to address the various mental health challenges that students from multicultural backgrounds and various cities may experience. The programmes run by experts in the subject provide insight into the typical anxieties and uncertainties that cloud young adults' thoughts. The interactive sessions allow the students the chance to express their worries and anxieties while the conversations assist them in identifying their areas of worry. The helpful advice provided by the resource people helps the students get over their struggles, brings out their finest qualities, gives them the courage to take on difficulties, and prepares them to accept successes and failures, academic or otherwise, with grace. The students' overall growth has definitely benefited from these mental health programmes. These events, which were started by the IQAC, are now scheduled on a regular basis and constitute an important component of the academic calendar. Such sessions were held online to support the kids' mental health and lift their spirits even amid the pandemic and the accompanying lockdown. The IQAC has also taken the initiative to introduce gender sensitization programmes, which aim to educate students about issues of gender equality and justice.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

According to standards, the college has a functioning IQAC structure with representatives from the following groups: Teachers, Members of Management, Administrative Staff, Students,

Alumni, Employers, Industry, and Parents. A committee for feedback has been established by IQAC, and it frequently solicits input from all parties involved. Based on the feedback, a message is sent to the concerned teachers advising them to conduct bridge courses, add-on courses, remedial courses, and use ICT-based teaching methods to enhance the teaching and learning process. IQAC organises an induction programme and a trainer's training on teaching pedagogies for newly hired instructors. Additionally, IQAC hosts training programmes for both creating and achieving learning objectives. Every teacher is required to present work-done reports on the teaching and learning process, as well as co-curricular and extracurricular activities, on a regular basis. Every year, teachers are required to complete a Performance Based Appraisal Form, which is reviewed by IQAC.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

#### 7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college guarantees gender equality in all areas, including hiring, training, athletics, and other activities. All committees and cells have been established in accordance with UGC, AICTE, and university regulations. Women Empowerment Cell: The Women Empowerment Cell is in charge of the college campus's security arrangements for female staff members and female students. The cell's members, which include a coordinator, faculty, and female students from each department, are entirely female. There are regular review meetings. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act has been put into effect in the Institution. It protects all women from sexual harassment at work, regardless of their age or employment status. To ensure gender equity in teaching, all faculty members have been instructed to reduce gender biases in the classroom and in their instructional strategies. Regardless of their gender, our staff teaches students how to actively seek out information and take part in conversations and other learning opportunities. The Institution maintains separate common rooms for boys and girls in order to protect privacy and to prevent undesirable situations. Aside from these, each department in the college includes gender-specific faculty rooms.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

**Waste Management system**

**1. Solid waste management:** The institute has introduced an effective system for solid waste management. All types of solid waste like vegetable waste and left over waste from the hostel and canteen is segregated into biodegradable and non-bio degradable waste. The bio-degradable waste is put into a pit and left to ferment which will be used later as fertilizer for the plants inside the campus.

**1. Non-bio degradable waste:** The non-bio degradable wastes are placed into prescribed dustbins which are further collected by the municipal authorities (BMC). An effective sewage treatment plant (STP) is also functioning inside the college.

**1. E-waste management:** The e-waste generated in the Institute are collected together from all departments and handed over to an external -waste recycling agency.

**1. Waste Recycling System:** The bio-degradable solid waste is put into a pit and left to ferment which will be used later as organic fertilizer to plants inside the campus. The treated water from the STP is used for watering gardens and lawns.

**1. Rain water harvesting** The rain water harvesting unit is also installed in the campus to preserve the rain water during rainy season and use it whenever required.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

**Amiable environment is provided by the institute for both the students as well as the faculties to observe National festivals like Republic Day, Independence Day which are celebrated every year to mark the occasions. Every year Teachers' Day is celebrated by the students in the institute's campus to felicitate the**

teachers and show their honour and gratitude towards the great teacher and legend Dr. Sarvepalli Radhakrishnan. Every year on 15th September Engineers' Day is observed by the institute to commemorate the birth anniversary in honour of Bharat Ratna Sri. Mokshagundam Visvesvaraya. Eminent personalities are invited from different spheres of life to promote the importance of tolerance and harmony in cultural, regional, linguistic, communal, socio-economic and other prevailing diversities. NSS activities of the institute eliminate the socioeconomic diversities and lead them to a tolerant and harmonious living. Different programs and competitions are organized by the cultural committee through various clubs and eminent personalities are invited to educate the students, and apprise them their social responsibilities, and help them to be aware of the implications of their actions.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

The college strives to take effective measures to develop the institute into a center of excellence in technology by sincerely adopting creative and innovative practices in teaching & learning, promoting to academic excellence, research excellence to make the students fit into the competitive scenario of a challenging professional career and a successful professionals with a strong and emotionally balanced social consciousness and ethical values. The college conducts Induction Program both for Staff and Students at the starting of the Academic Year. Conducting such programme in the institute introduce both the staff and students to their rights and responsibilities. The courses like Professional ethics, Constitution of India, has been a part of UG syllabus and its study create a awareness and sensitize the students to constitutional obligation and to promote the democratic values. The institute commemorates all national festival day by hoisting the national flag and invites socially established people and personalities from different walk of life to the campus to urge the students to follow the good qualities of the freedom fighter and to understand the social responsibilities as citizen of India. All mandatory committees like Anti Ragging cell, Internal

Complaints Cell, Anti Sexual Harassment Cell are actively engaged in carrying out programmes. There is also a coordination committee constituted to plan and execute activities to familiarize and implement ethical behavior and code of conduct in the campus.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

The institute celebrates National and International commemorative days, festivals and events. National festivals like Republic Day, Independence Day and are celebrated every year with pride and sincerity. Students organize the teachers' day on 5th September

every year in the College campus and create a congenial atmosphere of honor and respect to felicitate the teachers and also to show their gratitude towards a great teacher and a legend Dr. Sarvepalli Radhakrishnan. Every year Institute organizes Engineer's Day on 15th September, to commemorate the birth anniversary of Bharat Rathna Sri. Mokshagundam Visvesvaraya. The Constitution day is marked on 26th November by reading out the Preamble as stated in the Constitution of India. B R Ambedkar Jayanti is celebrated every year on 14th April during which eminent personalities address the staff members on various aspects of the life of Dr. Ambedkar. The institute strives to inculcate values of ethics and nationalism in the mind of students by celebrating the national day and birth anniversaries of great Indian personalities in the institute campus every year. The celebrations is followed by flag-hoisting, Project model Exhibitions, Essay and poem writing, and speeches. Distinguished personalities are invited to inspire employees and students with their presentations.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### BEST PRACTICE-1

1. Title of the Practice: Training & placement 2. Objective of the Practice:

? Equip and prepare the students to be industry-ready .

? Provide placement opportunities in core and software companies.

? To provide consistent and continuous problem-solving practices,  
3. The Context: To establish strong industry tie-ups that leads to placement opportunities. 4. The Practice: Students are trained

from their third semester in Technical as well as Soft skills enabling early preparation for placement opportunities. 5.Evidence of Success: Aptitude, Bootcamp, product training, resume building, and mock interviews were among the placement training that have resulted in the good placement of students.

6. Problems Encountered and Resources Required: Nil

Best practice2

Name of the Practice Teacher Mentoring

2. Objective: To aware the students about academic, social, health and the value of exercise and yoga, campus discipline.

3. Purpose: REC Teacher-Guardian Scheme has the following goals:

Monitoring student's behaviour and attendance.To offer students with academic advice with regard to their professional development.

4. Context: In order to undertake academic activities like theory and practical classes, exams, assignments students need teacher guardian assistance to perform well in competitive environment

5. Practice: Students are inspired to take part in numerous intra- and intercollegiate activities.The counselling service is open to students who are having issues with personal, domestic, academic issues.

6. Evidense of success: Due to strong counseling by the teacher guardian, the students success rate in examination,campus selection are quite appreciable.

7. Challenges faced and Resources: Sometimes it takes a teacher guardian longer to resolve some issues relating to social problems.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The Institution has always strived and initiated steps in grooming the students to achieve excellence through participation in different events and programs leading to the pursuit of knowledge, values, and social responsibility. The Institute has established successfully its distinctive approach in different forms towards achieving comprehensive vision by modeling it for the overall development of students and in turn the society. This distinction is achieved through different training programmes conduct of events and inspiring the students to organize events to develop their skills through solving real life problems. Skill development The Institution arranges skill development programs to develop students skills like Entrepreneurial development, Employability skill development,, Language skill development etc. Projects Students are encouraged to develop projects and working models to improve their fundamentals in technical knowledge and taking Internships in different industries which gives them confidence to work in their field of interest. Entrepreneurial Development ED Cell of the institute involved in generating the excitement in the young mind to work in the direction for developing innovative idea and encourages them to become entrepreneurs. Ethical and human value development. Developing ethical values in the students are the prime and foremost interest of the institution, Students are motivated to visit and serve the local villages periodically to observe real life problems and issues relating to people and provide solution working through student various clubs like YRC, NSS, Red Ribbon club etc.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The Institute is duly approved by AICTE and affiliated to BPUT, Odisha and follow the syllabus prescribed by the university. Institute has formed an Academic Committee consisting of Principal and Heads of the Departments, who are responsible for planning and monitoring of overall academic activities and its functioning as per University guidelines.

At the beginning of every semester, the courses are assigned to the competent faculty members by department HOD towards preparing the necessary course materials. The courses will be allotted to faculty members based on their expertise and preferences. All faculty members are involved in the preparation of lesson plan documents for their respective courses involving the topics to be discussed in every lecture class, mode of course delivery, text/reference books to be followed, etc., and the lecture notes are approved by the Head of the Department before the beginning of the semester. The class timetable is prepared well before the start of the semester by the timetable coordinator and displayed on the college website.

Time table coordinators of different departments prepare the Time Table.

The university provides the syllabus with assessment schemes and course outcomes for each course.

Performance in experiments are timely evaluated and graded.

As per the guidelines of the evaluation system, two class tests, quiz tests, surprise test per semester are conducted.

Faculty members maintain the course files basically contains Individual timetable Academic calendar, Assignments, Lesson plan, Internal and semester question papers etc.

File Description	Documents

### 1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Before the commencement of each semester, University notifies an academic calendar for all the programs, which contains the date of commencement, last working day of the semester, Internship schedule and dates for semester-end examinations. Institute calendar of events includes details like the total number of working days and holidays, Continuous Internal evaluation dates, dates for the Institute's flagship programs.

The academic activities, Continuous Internal Evaluation and all other activities are conducted as per the calendar of events except unforeseen circumstances.

Department heads closely supervise and monitor the completion of the syllabus as per the lesson plan prepared by faculty members.

Internal Assessment tests, assignments, quizzes, surprise tests and seminars are part of the Continuous Internal Evaluation of students.

The faculty members used to prepare internal question papers based on the modules provided in the prescribed syllabus as per university followed by review and approval of the respective department head.

Evaluation of answer scripts and calculation of CO-PO/PSO attainment are carried out by respective subject faculty members.

Continuous evaluation and assessments are also done for laboratory course, project work, seminars, and internships.

The institution adheres to the academic calendar for the conduct of Continuous Internal Evaluation (CIE) and final semester examination.

**1.3 - Curriculum Enrichment****1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

To integrate the cross-cutting issues relevant to gender, environment, and sustainability, human values, and professional ethics, Institute has imbibed different types of courses in the curriculum which is prescribed by the University.

**Professional Ethics and Human Values:** A course on "Professional Ethics" is offered as a mandatory course to all the students to take at least once during the program of study. In view of social development activities, blood donation camps, health check-up camps, environment awareness camps, etc., are organized and monitored by different clubs as Red ribbon club, YRC etc.

**Gender Sensitivity:** The College has a Women Cell, Internal complain cell and Grievance Redressal Cell to provide counseling to students, promote gender equity among students

and also deal with related issues of safety and security of female students, staff, and faculty. This cell aims to enable lady faculty and girl students to explore their imminent potential in all aspects, providing a congenial working environment for them.

**Environment and Sustainability:** The course "Environmental Science" is related to ecosystems and its balance with sustainability is an integral part of the curriculum as a mandatory course. Students are encouraged to participate in activities related to the environment, climate change, and biodiversity organized by the college. Students are taken for industrial visits to effluent and water treatment plants and other places that will educate them on environmental issues.

**2.2 - Catering to Student Diversity**

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The institute has created an organized system for evaluating students' learning levels. The Institute uses a variety of student-centered teaching-learning and pedagogical strategies to help students learn more effectively. Teachers use experiential learning, problem-solving approaches, classroom seminars, project works, field visits, field projects, and NPTEL course in addition to traditional classroom instruction. Students are provided extensive orientation in Mathematics, Physics, and Chemistry during the induction programme.

**STRATEGIES FOR SLOW LEARNERS**

Remedial classes are conducted for slow learners after regular class schedules.

Mentors assess Mentees' learning aptitude based on their academic achievements, conduct, social, and psychosocial characteristics.

Provide extra lab hours to improve their practical knowledge.

The performance of the students is discussed with their parents on a regular basis by their respective faculty advisors.

Bridge courses are conducted for students joining in the first year of a program and also for second year lateral entry students. In addition, special classes are conducted for lateral entry

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

All the departments have implemented activity-based assignments in every course for continuous assessment of the students. These are employed to enhance participative learning, and to achieve various course outcomes. Minor-projects are included in the curriculum of the UG programme. This course is intended to train the students to develop working models. Students are advised to attend online certification courses / workshops NPTEL lecture material, video lecture materials are made accessible to students. industrial visit in every semester is organized for the students to enhance the technical competency. Also, Internships are completed by the students in each academic year. The working model of the project are displayed and assessed by the external experts. National level technical seminars, conferences are arranged. This helps the students to develop technical skills and personality development. The

institute has signed an MoU with different institutes and industries which help the students to do internship.

#### Course Delivery Methods

Group discussions

Seminars

Minor projects

Lab experimental work

Class Assignments / Quizzes / Surprise test

E-learning tools like NPTEL videos, SWAYAM, etc. to let students learn independently and enhance classroom learning.

Experiential learning

Student-centric learning is provided in the practical sessions to apply concepts learned in the classroom. Internships

Final Year group Projects,

Technical Fest and Workshops.

Short Visit to nearby industries / labs

Participative /collaborative learning

Exhibiting at intra-college, state, and national project competitions and technical festivals for R&D projects

Invited talks by experts and alumni from the industry and academia.

MOUs are signed with leading industries.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

The institute uses Information and Communication Technology (ICT) to ensure effective teaching. Projectors and Audio system in addition to the chalk black board. Also, well configured Desktops and laptops are available in the computer labs and Faculty member's cabin. The other tools like smart boards, printers, scanners are available to facilitate the ICT enabled teaching-learning. To enhance the learning the institute has Seminar rooms, Auditorium and Conference halls to carry out the additional learning activities. Students and faculty members have access to huge volume of Digital Library resources and MOOC platforms are also used for effective learning. Faculties are encouraged to use power-point presentations in their teaching by using LCD's and projectors. They are also equipped by digital library, online search engines and websites to prepare effective presentations.

ICT Tools:

**Projectors:** Projectors are available in different classrooms/labs

**Desktop and Laptops:** Arranged at Computer Lab and Faculty cabins all over the campus.

**Seminar Rooms:** Seminar halls are equipped with all digital facilities.

**Online Classes** through Zoom, Google Meet.

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Institute prepares its own academic calendar well before the semester commences based on the University's Academic Calendar. These include completion of syllabus coverage and CAs for theory, PCAs for sessional and laboratory papers.

Changes in schedules, patterns, and methods are communicated to students forthwith via online class briefings and Notifications. Syllabus for the test is communicated to students by subject teachers well in advance.

Internal assessment for theory and lab papers is done through Continuous Assessments like Quiz test, surprise test, internal examinations etc.

The institute has prepared standard formats for question papers depending upon the type of the subject based on Course Outcomes (COs) for Continuous Assessment (CA).

Departmental committees evaluate the quality of question papers and coverage of the entire COs in the CAs.

Institute has implemented digital evaluation of internal examination papers, which has helped in speeding up the evaluation process and increasing transparency.

Students can raise about any discrepancy found in the assessment.

Adoption of the above method as per University guidelines ensures complete transparency in the system of internal assessment, strengthens the bond between faculty and students.

File Description	Documents
Any additional information	No File Uploaded
Link for additional information	Nil

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

**Mechanism to deal with internal examination related grievances**

Institute carefully adheres to the affiliating University's norms at the time of conducting Internal Tests and Semester Exams.

The marks for Theory, Practical and Sessional are uploaded into the university portal and notice boards for student's information and submitting grievances.

After publication of the results, a student can apply for Post-Publication Scrutiny (PPS) and Post-Publication Review (PPR) for internal examinations through the concerned subject teacher or HOD.

Viva-voce and lab copy evaluations are shown to students to keep the process transparent and minimize grievances.

The student's performance in Project and Seminars are evaluated by conducting presentations by the students in Google Meet/Seminar halls.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

All courses of the curriculum have well defined COs, the CO-PO mapping with its strength and is included in the syllabus. The hardcopy of the syllabus is made available to every student and also available in institute and university portal. The

assessment questions are framed to reflect one of the set COs. The COs are mapped to POs and PSOs. From evaluation of CO attainment, PO and PSO attainment is calculated. The attainment of POs and PSOs through individual subjects are thus calculated. The curricular gap is identified from this evaluation and necessary steps are taken to bridge the same. A Microsoft Excel file is designed to enter and calculate the CO/PO attainments. The Programme outcomes, Programme specific outcomes and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students. The Programme Specific Outcomes (PSO) were defined collectively by stakeholders. The defined POs and PSOs are displayed in Website, class rooms, laboratories and the department block. The POs, PSOs and the COs are listed in the lesson plan of individual course file and lab manuals. The POs and PEOs are listed in the respective department web pages.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Assessment is a departmental process that identifies, gathers, and analyzes data to evaluate the achievement of POs and COs. Attainment is described as the standard of academic achievement as measured by examination results. Each Course has a set of Course Outcomes. The college has established a systematic assessment process, and a set of assessment tools to evaluate the attainment of the outcomes. The assessment of attainment of the outcomes is done through Continuous Assessment Tests (CAT), assignments, multiple choice Questions (MCQs) and end semester examination. The attainment of POs and PSOs through individual subjects is thus calculated taken to bridge the same.

Methods for Assessment, Evaluation and Measurement of POs/PSOs

Direct Assessment methods:

**1.Continuous Assessment:** COs are assessed through Sessional & Assignment Examinations and Lab records. The COs are mapped against each question and CO analysis is carried out by faculty for each course and documented.

**Semester-end Theory Examinations:** The questions in semester-end examinations are tested pertaining to all Cos. **Laboratory Records:** Both continuous and semester-end examinations are conducted to test the COs attainment.

**Indirect Assessment Methods:**

**1.Programme Exit survey:** This survey taken from the final year students at the completion of their programme stands as the comprehensive feedback for the PO/PSO assessment.

**2.Alumni Survey:** This survey is conducted annually through Google link or mail with the Alumni to obtain the inputs and suggestions on PO. **Employer Survey:** This survey is taken from the employer to measure the PO attainments.

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge by inculcating research and innovative approach amongst the students and staff by taking several initiatives at management and college level through financial, technological and infrastructural support and at faculty level by providing platforms through events, programmes, seminars. The research committee at college level play a major role for making policy related to research and innovation.

MOU have been signed with industries for developing awareness, training of staff. The central library provides facilities for research support through reference books, research journals, encyclopedia, and reading room. The laboratories, computers, internet and all other ICT facilities are available to support and develop Innovative approach and scientific temper amongst students.

The institution has separate Research & Development cell, Entrepreneurship development cell and innovation and incubation cell. Most of the students apply their knowledge based on the societal needs. Awareness meets, workshops, seminars and guest lectures on Entrepreneurship are organized by the EDC. Vast Alumnus supports the students by sharing their experience on their entrepreneurship in their fields.

The key objective of Incubation Centre is to collect innovative

ideas from students and adapt their innovative ideas into Technological Innovations. Students develop their innovative ideas that can be useful for Development. Intra-level competition have been held among students to participate in HACKTHONS through IIC cell.

**3.4 - Extension Activities**

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The vision of the Institute is to produce not only good engineers but good human beings also. Therefore, we are taking efforts to add values of good citizenship in our students by the teachers and student peer groups. The Institute organizes various activities through which students are equipped with appropriate skills for their holistic development. In the Institute, the extension activities for social causes are carried out through different cells and clubs. Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year are - Blood donation camp, tree plantation, Swachh Bharat Abhiyan, NSS camp

for rural development, Celebration of Days-Yoga Day, International Youth day, Independence Day, Engineers day, NSS day. All the above activities lead towards overall development of the students. etc. Due to the pandemic, online programs were conducted during this year to aware the students and staffs. Activities are also carried out in the Institute involving the students with the objective of sensitizing various social issues and strengthening community participation for holistic development are carried out inside the campus under the banner of Women Cell, Yoga club, YRC, Red Ribbon Club etc.. Women's Day is celebrated as part of Gender Sensitization programs. "International Yoga Day" was celebrated too for making the students mentally and physically fit. Due to the pandemic, online programs were conducted during this year to aware the students and staff members.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The Institution has always strived for the attainment of mission by providing the best possible infrastructure in order to introduce effective teaching-learning environment through extensive use of ICT.

Teaching Learning activities - Seminar halls, classrooms, smart class, tutorial spaces, laboratories and equipments for teaching, learning and research etc are used to improve the teaching-learning activities. All the classrooms have been renovated on modern lines with comfortable and space saving furniture, Wi-Fi connectivity, Vitrified floor tiles, power back up by generator etc. Technology enabled learning spaces. Most of the classrooms the students are exposed to conducive environment for study. The institute has a dedicated Library equipped with computers for use by faculty members.

Seminar hall- A dedicated seminar hall with state of the art audio-visual facilities is in place for regular use.

Laboratories- All departments have state of the art equipments to create facilities that cater to the need of students,

faculty members. The laboratories are used for conducting experimental work, research work, project and consultancy work.

The management has a contributing approach towards the development and enhancement of the infrastructure facilities of the institution. The campus has technology-enabled classrooms, libraries, student hostels, seminar halls fitted with LCD projector and video conference halls and auditorium. Annual budget is allocated for enhancement and up gradation of infrastructure facilities. The college has provided separate room TO IQAC cell, ED cell for conducting different activities. A placement cell, headed by a Placement Officer, is available on campus. Wi-Fi hot spots cover the entire campus.

#### 4.3 - IT Infrastructure

##### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The computer center of the Raajdhani Engineering College was established with the objective of providing computational environment for the academic and research community of the institute and also caters to the computational needs of other organization. The center offer training and software

development apart from being a support service for the faculty, students and staff. Institution frequently updates its IT facilities including Wi Fi. The entire college computing facility is networked through high end fiber connectivity (Wifi). CAT6e cables are used to connect the computers within the campus. All the fiber active components belong to BSNL. The entire network is configured with different VLANs to manage the networks for security purposes. Tree topology is applied in the complete network design. The network components are: 1. Sonic Wall-01 2. L3 & L2 networks switches more than 30 3. Access points - 05 All the hostels, class rooms, laboratories, common areas such as canteen, auditoriums and Open Air Theatre are networked through fibre cables. Students can access internet from any place in the campus. Internet service is available to all students and staff members 24\*7 with a proper monitoring setup and appropriate firewall and site restrictions. A dedicated mail service with our college domain is run for all students and staff members. Group mails are channelled based on the purpose and subject matter for students and members of staff.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

There are established systems and procedures for maintaining and utilizing physical, academic and support facilities. The central facilities like classrooms, seminar halls, video hall, function hall, multipurpose hall and conference hall are maintained by the maintenance office. The sewage treatment plant in the campus uses Ultra filtration technique to purify the water. Break down register is maintained in the laboratories. As per the requirement minor repairs are carried out by the technical staff. Major repairs are outsourced. Periodic stock maintenance is done by internal auditors from other department every year and the report is submitted to the IQAC. Guidelines for operations and maintenance of sports facilities are given by the sports committee. The campus has a Medical Centre unit with a residential medical officer to take care of staff and students physical and mental health. It also

has 24x7 Ambulance service. Annual budget is allocated for the purchase, repair and maintenance and housekeeping facility. scrutiny Budget is approved after by the head of the institute. The Lab In charge or the concerned teacher maintains the record of Laboratory equipments and maintenance. In case of any breakdown / repair works the Lab In charge through the HOD contact the vendor from whom the equipment is purchased. 1. The library in charge invites the book and journal requisition from the Department. Each faculty and students are issued the library cards for issue of books. Cleanliness and hygiene are maintained in class rooms and all the places through housekeeping staff regularly.

**5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )**

Each department has student council. The members of the student organize Fresher's Welcome, Teachers' Day, College Annual Fest, Students participate to organise Farewell. Academic programmes like workshop, seminars and conferences. The members play active role in College Annual function, College Inputs and suggestions are sought from Students' Council members when organizing student related events. The council acts as a liaison between teachers and students. The institute has constituted various committees and clubs and involve the students to organize different academic and cultural activities. In today's pandemic situation, where direct interaction with students is difficult, the role of class representatives (C.Rs) selected by fellow classmates is greatly increased to disseminate information by coordinating between faculty members and students. Student Clubs : Departments organize various academic and non-academic activities through student clubs such as YRC Club, VIPNET Club, Team Wash club, Sports and Cultural Committee, Anti-Ragging Committee, Library Committee, Sports Committee, Team Wash, Transport Committee, Library Committee, Canteen Committee, Industry Institute Interaction Cell, Entrepreneurship Development Cell,

**5.4 - Alumni Engagement**

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The alumni association of the institution has been registered under societies act and having a remarkable network that assist in engaging alumni by sharing a obsession and obligation to the institution. The alumni meet is held habitually and intermingle with the Management regularly on a range of academic and nonacademic matters. Alumni association of our institute are directly involved in different activities such as Financial aid for research work, training of students and volunteer to represent as resource person in various professional development activities like Conferences/Seminars/Workshops etc. In addition to the Annual Alumni Meet, alumni support the institute in a number of other ways. A series of talks and interactive sessions with alumni were organized for B.TECH

students with the aim of guiding students to choose their future goal, be it in higher education and research or even choosing the path of their careers. Students were also introduced to the most recent trends and innovations, workplace cultures, work ethics, self-learning, and financial and investment management through these speeches by alumni.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

#### QUALITY POLICY

Raajdhani Engineering College, Bhubaneswar is committed to creating, supporting and improving the learning process through an established quality management system, complying with legal and regulatory requirements and making it a learning center of science and technology. Continuous improvement and teamwork will be our strength to achieve the goal set with our core value "Creativity and Innovation".

The institution maintains high academic standards and has developed flexibility to deal with changing scenarios and has worked hard to adapt to growing technology. The institute has wellequipped laboratories, experienced teachers, coaching and training, hostels, and social life activities such as NSS. Under the guidance of the administration, Principal constitutes various committees that include faculty from various departments for the successful running of the institution.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The organization follows the detailed mandate of the decentralized authority as follows. At the beginning of each academic year, each department proposes a budget. The budget presented by the department is based on the action plan, considering the infrastructure requirements presented by the faculty responsible for the various laboratories, courses, activities and clubs, consolidated by the head of the department, subject to the approval of the proposed budget. Whenever a proposal for financing an activity is initiated by the management, depending on the amount of the proposal, approval can be obtained at various levels.

Another example is when there is a specific need for additional funding beyond the annual budget allocation, the management does not hesitate to offer such when there are good reasons to support the Institute's Vision. Faculty members participate in knowledge sharing by discussing the latest trends. This clearly shows the participatory nature of the management and their commitment to the growth and development of the institute. The management has a participatory management system with collective decision making involving Principal, HODs, IC (Examination). Because the departments are so important to the organization, each department developed its own vision, mission, and short, medium, and long-term goals.

File Description	Documents

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institution has successfully implemented its overall strategic plan in an effective manner. The institute's academic plan, according to which several committees improve the quality of both academic and extracurricular activities. IQAC formulates and implements many academic quality policies through several committees. The institution has continuously worked with various committees to strengthen and improve academic work to respond to changing requirements and needs. In order to maintain the core competence, a strategic plan/vision is created. The five-year strategic plan consists of reiteration the vision and mission statements, the strategic plan and the implementation strategies based on the SWOC analysis.

When creating the plan and implementation document, Care has been made to include all stakeholders so that they can each participate in their own unique way. For the efficient implementation of the curriculum and the teaching-learning process, an advisory committee was established. The university offers the curriculum. To achieve the goal of teaching and learning, feedback from alumni, industry professionals, subject matter experts from other top schools, and student stakeholders is also taken into account and implemented.

1. To improve the curriculum.
2. To use a digital platform to enhance teaching and learning.
3. To promote entrepreneurship, industry institute connection, research, and consulting.
4. To enhance student experience and increase alumni connection.
5. To increase contribution to the environment and society.
6. To create development strategies to raise the institute's overall quality of the institute.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

In order to enable decision-making procedures that are transparent, consistent with its goals, and support successful decision-making, the institute has a well defined organisational hierarchy and structure. The organizational structure supports institutional capacity and educational efficacy through the involvement of stakeholders. The main pillars of the institution's organizational structure consists of academic council, principal, department heads, and faculty members. It analyzes the institutional strategic plan, which in turn defines the institution's academic aims and goals and approves the curriculum's and funding requirements. Through the inclusion of external members on various Committees and Boards, the organizational structure supports institutional capacity and educational efficacy. Members of the several committees that the institute has established represent a variety of institute stakeholders. The organizational hierarchy's appropriate levels determine the decision-making processes. The institution has an IQAC Cell, an Antiragging Cell, etc. in place in accordance with university/government rules. The institution is led academically and administratively by a number of committees with clearly defined roles.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

The Institute offers both teaching and non-teaching staff members efficient welfare scheme. Faculty members are entitled to all statutory leaves, and teaching staff members are allowed "On Duty Leaves" so they can attend Orientation Programs and Refresher Courses. The College promotes faculty participation in conferences and seminars at all levels. The institution encourages departments to submit applications for major and minor research projects. All staff members have access to the grievance redressal system. All staff members have access to free medical checkups once in six month.

The list of existing welfare measures for teaching and non-teaching staff:

1. Service benefits like PF, Study leave, Maternity leave etc.
2. All Teaching and Non-Teaching Staff are covered under General Insurance.
3. Non-Teaching Staff are covered under EPF.
4. Non-Teaching Staff are provided with ESI facilities.
5. Maternity and Medical leaves are sanctioned.
6. Full time Medical facility with Qualified Doctor and Nurse in the Campus.

7. Providing 15 Casual Leaves for all the teaching and non-teaching staff for one academic year.

8. Study Leaves are sanctioned for higher education and qualification improvement for all the teaching and non-teaching staff.

9. Financial Support to all the Staff members for their professional development activities.

10. Availability of Free transport for all the staff.

11. Financial encouragement for all the staff, who published their papers in reputed journals and patents.

12. Providing Financial support to attend conferences / workshop and towards membership fee of professional bodies for all the staff.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institute has a internal performance appraisal system to meet the following objectives

1. To integrate the institutional and individual goals.
2. To increase awareness of duties and responsibilities of the performers to achieve institutional goals.
3. To ensure fulfillment of curriculum and extracurricular activities and
4. Growth of institution.
5. To ensure objective assessment of performance and potential factors.
6. To identify the strengths and weakness of the performer.

The relevant HODs / Section Heads conduct performance evaluations each year following the conclusion of the academic year to evaluate the performance of the professors and staff during that time. Three categories of evaluation are used to conduct the assessment. Evaluation form

- 1) For Professors and Associate professors
- 2) For Assistant professors and
- 3) Non-Teaching staff.

Through teaching and learning, student feedback, evaluation, research-related activities, co-curricular and extension activities, the appraisal for teaching staff measures and assesses performance. The work activities of non-teaching personnel are evaluated in a similar manner. The form has two parts Part-A where the faculty and staff declare his or her performance through qualitative and quantitative metrics, while Part-B is the potential assessment by the Head of the department for teaching and non teaching staff appraisal will be reviewed by the Principal. Further Improvements are suggested to perform well and good performance is appreciated and rewarded.

#### 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The college is an accredited, privately-funded organization. In addition to maintaining an open record of all financial activities, it asks for routine internal and external auditing. There are two internal audits per semester. The first audit is performed at the beginning of the semester, while the second one is conducted near the end. Chartered Accountants undertake external surveillance audits. The auditors go into invoices, TDS, bills, quotes, purchase orders, and payment authorizations. Before choosing the vendors, quotes are requested from potential suppliers, authentic ones are found, and the Chairman's consent is obtained. The Chairman has final approval authority over all financial transactions. The payrolls, attendance, Form 16, TDS deduction, documentation of tax proofs, etc. are all reviewed by the internal and external auditors. The external audit team has the option to notify top management if it is dissatisfied with the compliance report. Any audit complaints will be amicably resolved during this procedure before the board of trustees is presented with the financial information.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The process of collecting fees follows a set timetable. Students are informed of the timetable via text messages, announcements posted on college notice boards, and the college website. For the upcoming financial year, a budget is made in the month of February; All acquisitions are made after soliciting the necessary number of quotes and carefully evaluating them. Transparency in the handling of financial resources is ensured by the robust internal checks and controls that are in place. The resources are carefully allocated to suit the general administrative needs, such as hiring employees as needed, maintaining and updating the infrastructure, improving the teaching and learning environment, and supporting faculty development. Research proposals are written and sent to several funding organizations, including the AICTE and Industries. Specialized equipment is purchased for research purposes using a portion of the grants received from these organizations.

The administration has invested a sizable sum of money to develop improved equipment, which includes buildings for various departments, administrative blocks, lab equipment, and buildings for the women's and men's hostels, a library, a restaurant, and sporting facilities. Regarding recurring expenditures, REC is a moral organisation because it depends on student fees to pay for expenses like instructor salaries, maintenance of the buildings and equipment, and other regular costs. All unpaid balances are added to the institution's fund.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The institution's mission is to teach, advance, and disseminate a holistic education to girls in order to develop their sense of responsibility and independence as contributing members of society. With this objective in mind, the IQAC has concentrated on Mental Well-Being workshops and programmes, especially for students. These programmes have made an effort to address the various mental health challenges that students from multicultural backgrounds and various cities may experience. The programmes run by experts in the subject provide insight into the typical anxieties and uncertainties that cloud young adults' thoughts. The interactive sessions allow the students the chance to express their worries and anxieties while the conversations assist them in identifying their areas of worry. The helpful advice provided by the resource people helps the students get over their struggles, brings out their finest qualities, gives them the courage to take on difficulties, and prepares them to accept successes and failures, academic or otherwise, with grace. The students' overall growth has definitely benefited from these mental health programmes. These events, which were started by the IQAC, are now scheduled on a regular basis and constitute an important component of the academic calendar. Such sessions were held online to support the kids' mental health and lift their spirits even amid the pandemic and the accompanying lockdown. The IQAC has also taken the initiative to introduce gender sensitization programmes, which aim to educate students about issues of gender equality and justice.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

According to standards, the college has a functioning IQAC structure with representatives from the following groups: Teachers, Members of Management, Administrative Staff, Students, Alumni, Employers, Industry, and Parents. A committee for feedback has been established by IQAC, and it frequently solicits input from all parties involved. Based on the feedback, a message is sent to the concerned teachers advising them to conduct bridge courses, add-on courses, remedial courses, and use ICT-based teaching methods to enhance the teaching and learning process. IQAC organises an induction programme and a trainer's training on teaching pedagogies for newly hired instructors. Additionally, IQAC hosts training programmes for both creating and achieving learning objectives. Every teacher is required to present work-done reports on the teaching and learning process, as well as co-curricular and extracurricular activities, on a regular basis. Every year, teachers are required to complete a Performance Based Appraisal Form, which is reviewed by IQAC.

**INSTITUTIONAL VALUES AND BEST PRACTICES****7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college guarantees gender equality in all areas, including hiring, training, athletics, and other activities. All committees and cells have been established in accordance with UGC, AICTE, and university regulations. Women Empowerment Cell: The Women Empowerment Cell is in charge of the college campus's security arrangements for female staff members and female students. The cell's members, which include a coordinator, faculty, and female students from each department, are entirely female. There are regular review meetings. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act has been put into effect in the Institution. It protects all women from sexual harassment at work, regardless of their age or employment status. To ensure gender equity in teaching, all faculty members have been instructed to reduce gender biases in the classroom and in their instructional strategies. Regardless of their gender, our staff teaches students how to actively seek out information and take part in conversations and other learning opportunities. The Institution maintains separate common rooms for boys and girls in order to protect privacy and to prevent undesirable situations. Aside from these, each department in the college includes gender-specific faculty rooms.

**7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management**

**Waste Management system**

**1. Solid waste management:** The institute has introduced an effective system for solid waste management. All types of solid waste like vegetable waste and left over waste from the hostel and canteen is segregated into biodegradable and non-bio degradable waste. The bio-degradable waste is put into a pit and left to ferment which will be used later as fertilizer for the plants inside the campus.

**1. Non-bio degradable waste:** The non-bio degradable wastes are placed into prescribed dustbins which are further collected by the municipal authorities (BMC). An effective sewage treatment plant (STP) is also functioning inside the college.

**1. E-waste management:** The e-waste generated in the Institute are collected together from all departments and handed over to an external -waste recycling agency.

**1. Waste Recycling System:** The bio-degradable solid waste is put into a pit and left to ferment which will be used later as organic fertilizer to plants inside the campus. The treated water from the STP is

used for watering gardens and lawns. 1. Rain water harvesting  
The rain water harvesting unit is also installed in the campus to preserve the rain water during rainy season and use it whenever required.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### BEST PRACTICE-1

1. Title of the Practice: Training & placement 2. Objective of the Practice:

? Equip and prepare the students to be industry-ready .

? Provide placement opportunities in core and software companies.

? To provide consistent and continuous problem-solving practices, 3.The Context: To establish strong industry tie-ups that leads to placement opportunities. 4. The Practice: Students are trained from their third semester in Technical as well as Soft skills enabling early preparation for placement opportunities. 5.Evidence of Success: Aptitude, Bootcamp, product training, resume building, and mock interviews were among the placement training that have resulted in the good placement of students.

6. Problems Encountered and Resources Required: Nil

Best practice2

Name of the Practice Teacher Mentoring

2. Objective: To aware the students about academic, social, health and the value of exercise and yoga, campus discipline.

3. Purpose: REC Teacher-Guardian Scheme has the following goals:

Monitoring student's behaviour and attendance.To offer students with academic advice with regard to their professional development.

4. Context: In order to undertake academic activities like theory and practical classes, exams, assignments students need teacher guardian assistance to perform well in competitive environment

5. Practice: Students are inspired to take part in numerous intra- and intercollegiate activities.The counselling service is open to students who are having issues with personal, domestic, academic issues.

6. Evidense of success: Due to strong counseling by the teacher guardian, the students success rate in examination,campus selection are quite appreciable.

7. Challenges faced and Resources: Sometimes it takes a teacher guardian longer to resolve some issues relating to social problems.
